STEP 5-1

(PC로 결제시) 계정정보, 암호 입력, 약관동의후 다음진행

The screenshot shows the Alipay login interface. On the left, there is a sidebar with the text '试试手机支付宝' (Try mobile Alipay) and a QR code icon with a button '扫一扫付款 >'. The main content area is titled '登录支付宝账户付款' (Log in to Alipay account for payment) with a link for '新用户注册' (New user registration). The form includes fields for '账户名' (Account name) with the value 'cs@soomkorea.com', '支付密码' (Payment password) masked with dots, and '验证码' (Verification code) with a value 'AQP9'. There is a checkbox for '同意《代理购结汇服务协议》' (I agree to the proxy purchase and settlement service agreement) and a '下一步' (Next step) button.

STEP 5-2

(PC로 결제시) 금액 확인, 암호 재입력 후 결제진행

The screenshot shows the Alipay payment confirmation page. At the top, it displays order details: 'The Gem: Order No. 18561 from cs@soomkorea.com (Su Lee) on 2019-02-26T17:21:43+09:00' and the amount '187.09 USD | 1233.73 CNY'. Below this, there is a warning banner: '推荐支付宝余额/余额宝/余额宝, 付款快人一步! <余额宝仅限天天赎回, 付款时余额宝优先于余额宝>' (Recommend Alipay balance/Alipay wealth fund/Alipay wealth fund, payment is faster than others! <Alipay wealth fund is only for daily redemption, Alipay wealth fund is prioritized over Alipay wealth fund when paying>). The main section shows the selected payment method: '账户余额 948954.81 元' (Account balance 948954.81 Yuan) with a sub-total of '支付 1233.73 元' (Payment 1233.73 Yuan). Other options include '中国建设银行' (China Construction Bank) and '信用卡 | 快捷 | 推荐' (Credit card | Quick | Recommended). There are buttons for '其他付款方式' (Other payment methods) and '添加快捷/网银付款' (Add quick payment/bank payment). A green checkmark indicates '安全设置检测成功! 无需短信校验。' (Security settings check successful! No need for SMS verification). The '支付宝支付密码' (Alipay payment password) field is filled with dots, and there is a '确认付款' (Confirm payment) button.
